

JOHN POOLE

johnpoole92@hotmail.com | 510-227-4715 | Tsawwassen, BC | Class 5 BC Driver's License

PROFESSIONAL SUMMARY

System Administrator with hands-on experience supporting Windows Active Directory, Microsoft 365, Azure cloud services, Intune, and SharePoint environments end-to-end — from helpdesk tickets to infrastructure administration. Administers user accounts, access controls, Group Policy, DNS, DHCP, and endpoint management through Intune and Autopilot. Actively completing Microsoft AZ-104 Azure Administrator certification with AZ-900 and SC-900 already achieved. Developing PowerShell scripting, Linux administration, Hyper-V virtualization, and backup and disaster recovery skills through intensive sysadmin training. Strong written and verbal English communication — customer-facing with a reliable local commute from Tsawwassen to Richmond.

SKILLS & TECHNOLOGIES

Windows Active Directory Administration | Microsoft 365 and Office 365 | Microsoft Azure — VMs, VNets, NSGs, RBAC | Microsoft Intune and Autopilot | SharePoint and Teams Administration | Teams Voice Concepts | Group Policy (GPO) | DNS and DHCP | PowerShell Scripting | Hyper-V Virtualization | Linux Administration (Ubuntu) | Backup and Disaster Recovery | Network Troubleshooting — TCP/IP, VPN, Firewall Concepts | Customer-Facing Documentation and Ticket Management | Entra ID and Azure AD

PROFESSIONAL EXPERIENCE

LOG(N) Pacific | February 2025 – Present

IT Support Engineer

- Provided helpdesk support for Windows Active Directory and Microsoft 365 — administered user accounts, Group Policy, DNS, DHCP, and access controls across Windows and cloud environments
- Administered Microsoft Intune device enrollment, compliance policies, and Autopilot deployment — managed SharePoint and Azure cloud services including VMs, VNets, NSGs, and RBAC
- Built PowerShell scripts for administrative automation including user provisioning, AD auditing, disk monitoring, and service health checks across Windows Server environments
- Configured and maintained Hyper-V virtualization — managed VMs, virtual switches, checkpoints, and server resource monitoring with backup and disaster recovery procedures
- Maintained customer-facing documentation and managed support tickets — provided desktop support across Windows and Linux environments with strong written and verbal English communication

RE/MAX | Motto Mortgage | December 2021 – August 2025

Technical Support Agent

- Provided helpdesk support for Windows Active Directory and Microsoft 365 — administered user accounts, access controls, MFA, Conditional Access, and identity lifecycle for 100+ external users in Entra ID and Azure AD
- Administered Microsoft 365 services including Teams, SharePoint, and OneDrive — troubleshoot cloud service issues and managed user provisioning, licensing, and access across the Microsoft environment
- Supported network troubleshooting across VPN, DNS, and connectivity — configured and troubleshoot access controls and security policies in alignment with organizational security requirements
- Maintained accurate customer-facing documentation and managed support tickets — provided strong written and verbal English communication throughout all client interactions

Realogy Holdings Corp. (now Anywhere Real Estate) | June 2017 – December 2021

Field Support Technician — Level 2

- Supported Windows Active Directory, Microsoft 365, and enterprise infrastructure — performed user account administration, Group Policy management, and network troubleshooting across a large enterprise environment
- Provided desktop support across Windows environments — maintained documentation, managed support tickets, and collaborated with Network Engineers on firewall, switch, and infrastructure-level issues

EDUCATION

University of Phoenix | Bachelor of Science in Information Technology
